**CONSTITUTION AND MANAGEMENT COMMITTEE HANDBOOK**  
**21 April 2016**

This handbook was first produced by the members of the 1993/4 Management Committee and updated in 1995/1996, to fill a gap they identified in the hand-over process from one Committee to the next. It aims to provide the incoming Committee members with up-to-date information on the role of the Committee, who does what, and how and when things get done. It was updated again by the Committee of 2007/2008 with additional minor revisions by subsequent Committees. The 2013/14 Committee made significant changes to the constitution to include an Equalities Policy, revisions to the membership section and changes to the Committee members section amongst housekeeping improvements. This current version dated **21 April 2016** was updated by the 2015/16 Committee.

It is by no means definitive, however for it to be of any lasting benefit future Committees will need to take responsibility for adding to or amending the handbook each year.

## THE ROLE OF THE COMMITTEE

The Management Committee ('the Committee') exists to direct and manage the affairs of the Club. It is delegated all the necessary authority to ensure that the Club promotes and encourages the sport of canoeing and associated activities and any other activities organised by Club members.

## THE MANAGEMENT COMMITTEE PROCESSES

### 1. Committee meetings

**Frequency:** Held between monthly and 6 weekly depending on issues arising.

**Attendance:** Officers of the Committee should attend all meetings unless apologies for absence are tendered in advance. Non-attendance at three consecutive meetings, without apologies for absence, may result in the Officer being asked to resign from their post. A quorum for any meeting is four officers, which must include at least one of the Chairperson, Secretary or Treasurer.

Club members may attend meetings as spectators; they have no right to speak unless specifically invited to by the Management Committee.

**Recording the meeting:** Minutes of all Committee meetings should be published on the Club website.

**Helpful hints:** It's worth taking time at the first meeting to discuss how the committee will operate during the coming year. For example you may need to agree: Which is the best evening for a Committee meeting? Should the agenda be circulated in advance of the meeting? How do items get on to the agenda for discussion? Who should be notified about apologies for absence?

You may also like to consider identifying some form of objectives to be achieved by the Committee during their year of office. Although this may sound a bit over processed it does help people to focus on their collective responsibility and makes them feel part of the team rather than just answerable for their particular job.

**Co-opting members to the Committee:** The Committee doesn't need to do all the work itself, it can co-opt members or form sub-groups to carry out specific tasks as required.

### 2. Annual General Meetings

**Timing:** The AGM should be held towards the end of April or early May to allow the Treasurer time to complete the year end accounts and forward to the auditors. The auditors normally require between 2 - 3 weeks to prepare their report.

**Notification of the AGM:** The members must be advised of the date, time and place of the AGM, via the Club website and newsletter/email communication, at least 21 days before the meeting. The notice should also indicate the procedure to be employed for the election of officers and explain how members can get an issue discussed at the meeting.

**The agenda:** The agenda should follow a standard format as detailed below:

- i. Apologies for Absence
- ii. Reading and Approval of the previous year's minutes of the AGM
- iii. Reports from Committee members
- iv. Auditors Report and Approval of Accounts
- v. Matters arising from the previous year's minutes
- vi. Review of the membership fee for Regents Canoe Club
- vii. Motions for consideration by the members
- viii. Election of Officers
- ix. Any Other Business

**Helpful hints:** Motions for consideration can get quite heated and take up a lot of time if the meeting is not controlled; spare a thought for the Secretary who has the task of trying to keep up with the notes. Consider insisting that motions are submitted in writing in advance of the meeting to the Secretary to avoid any misunderstanding. This will allow the Chair to allocate sufficient time to each item to be discussed and ensures that there are no "surprises" during the actual body of the meeting.

**Voting at the meeting:**

All posts on the Management Committee are subject to annual election. In the event of more than one person being nominated for a post then a vote will be held. Nominations for the election of officers must be submitted in writing to the Secretary at least forty-eight hours before the meeting starts.

The minimum posts required for the Management Committee to function are Chairperson, Secretary and Treasurer. All other posts can remain vacant if there are no candidates nominated or selected into post. The duties of those vacant posts will then fall upon all those posts that have been filled. Any and/or all duties other than those of the Chairperson, Secretary and Treasurer can be delegated to any Club member if required but that member will not have any voting rights on the Management Committee.

If no members are nominated, either in advance or at the meeting, for the posts of Chairperson, Secretary and Treasurer, the current Management Committee will remain in post and a new General Meeting will be called when nominations to the three minimum posts can be achieved. This is subject to compliance with Sections 5 and 6 of the Constitution.

In the event of a contested position each candidate will be informed of whom they are nominated against no later than twenty-four hours before the meeting. Nominations will only be taken during the meeting for positions where no nomination has been received in advance.

In the event of a contested position, each candidate will be given the opportunity to address the meeting, followed by questions being taken from the floor. The vote will then be taken by secret ballot. Only fully paid-up members, can vote at the meeting. The ballot papers will be counted by three outgoing officers of the Management Committee selected by the Chairperson. The count can be observed by any candidate or their representative. In the case of a draw, the Chairperson will make a casting vote. The meeting will be informed of the result of the election by announcing the name of the successful candidate. The number of votes for each candidate will not be disclosed. The ballot papers can be inspected after the close of the meeting by any candidate or their representative.

Any candidate may revoke their own nomination at any point up to and including cessation of the business of Election of Officers. If this results in a Management Committee post then becoming vacant at the meeting, nominations to fill that role can be taken from the floor and must include any member who was originally nominated for the post if they were in contest with the candidate who has revoked their nomination.

Other resolutions (for example motions submitted for consideration at the meeting, or election to an uncontested committee position) are approved by a vote using the same procedure or a simple show of hands, at the Chairperson's discretion.

The instrument of Proxy may be used by any full paid-up member. Proxy can only be accepted if the Chairperson is notified in writing, by email or post, before the meeting commences. The member giving their Proxy accepts that their Proxy will vote in the meeting according to their own conscience. The Proxy nominator has no right to instruct their Proxy to vote a certain way on any item - they are simply giving their opportunity to vote to their Proxy.

The Auditors remain in post until such time as they resign. Appointment of replacement Auditors occurs at an Annual General Meeting as a standard resolution, with the candidates put forward by the outgoing Auditors and/or Management Committee.

The outgoing Chair and Secretary should remain in post until the end of the AGM to retain continuity at the meeting. The outgoing Secretary is responsible for writing up the minutes of the meeting which should then be passed to the incoming Secretary for publication.

### 3. Special General Meetings

**Frequency:** An SGM can be convened at any time by the Committee or upon the written request of 10 fully paid up members.

**Notification:** As for the AGM, 21 days minimum. The notice must include the reason for the meeting being called.

**Voting:** As for the AGM. The Chair has a casting vote.

**Recording the meeting:** Minutes of the meeting should be published on the Club website.

**Helpful hints:** Issues such as the purchase of equipment or amendments to the safety and training policies tend to stimulate considerable debate, often requiring more time than is generally available at the AGM. Deferring items like this to an SGM gives the members chance to discuss and consider the all the various points of view, and amend the proposal if necessary, before being asked to vote.

## **RELATIONSHIP WITH THE ISLINGTON BOAT CLUB AND THE RENTAL AGREEMENT**

### ***Brief background:***

IBC was founded in 1970 by Crystal Hale. It was originally established to supplement the limited play areas in Islington and was housed on the other side of the canal in a series of old sheds. Open to young people over the age of seven, it was a unique venture in its day, depending upon borrowed or improvised equipment in order to provide the "outdoor experience" for inner city kids.

Following some very energetic fundraising by Crystal, IBC was soon able to employ a full time worker and by 1985 had raised enough money to fund the development of the specially designed site on which the club is now situated.

IBC is a registered charity; it receives a small grant each year from Islington Council but relies upon donations from various bodies to survive. The IBC Management Committee runs the IBC and employs a Club leader and numerous other staff to deal with daily operations.

### ***Why Regents share the IBC site:***

When the Boat Club was first established the majority of its members were under 16. As the membership grew, IBC realised it needed to cater for young people over 16, and so in 1978 Regents Canoe Club was formed. Subsequently IBC has been able to cater for those up to 18 and in 2007 RCC raised their entry age to 18.

For a number of years Regents "lived" rent free on the IBC site, but following the demise of the Inner London Education Authority, IBC found themselves in financial difficulty and asked Regents to formalise the sharing of the facilities. Regents signed an agreement with IBC to put us on a more commercial arrangement (copy of the rental agreement is held by the Chairperson).

### ***The rental agreement:***

The rental agreement covers:

- Sole use of the site on Monday and Thursday evenings

- The Duty Checklist should be updated regularly

**The Club has no automatic right of access to the site outside of the agreed opening hours. Members should avoid making any unnecessary noise that may disturb local tenants.**

### **1. OVERVIEW**

- 1.1. This Training policy was developed by a committee of Regents members and approved by the Club at a Special General Meeting. The purpose of the policy is:

- 1.2. The Club relies upon its members to organise training courses and, in the majority of cases, to provide all the instruction. This is time given freely to the Club in order to maintain the excellent standards of training achieved to date. While this policy details the ideal number of courses it must be recognised that the Club cannot guarantee that all of the courses detailed below will be available every year.

### 1. EQUALITY POSITION STATEMENT

Regents Canoe Club have adopted the British Canoeing / Canoe England Equality Policy. The policy is set out below and is followed by Regents Canoe Club's process and sanctions for breach of the policy.

### 2. EQUALITY POLICY

#### What is Sports Equality?

Sports Equality is about fairness in sport; equality of access; recognising inequalities and taking steps to address them. It involves changing the culture and structure of sport to ensure it becomes equally accessible to all members of society and ensuring that everyone has the opportunity to realise their talent and full potential.

#### Equality Policy Statement

The Club is fully committed to the principles of equality of opportunity and aims to ensure that everyone has a genuine and equal opportunity to participate in Paddlesport at all levels and in all roles of the sport, irrespective of age; disability; gender identification; marriage and civil partnership; pregnancy and maternity; race; religion or belief; sex and sexual orientation. In addition, the Club will endeavour to ensure that all are given the same opportunities regardless of their socio-economic background. This includes members, volunteers, participants, supporters, coaches, officials, job applicants and employees (together known as Stakeholders).

The Club recognises that unlawful discrimination is unacceptable and will not tolerate direct or indirect discrimination. The Club will take, or support, positive action to eliminate individual and/or institutional discrimination:

- ✓ The Club respects the rights, dignity and worth of every person and will treat everyone equally within the context of their sport.
- ✓ The Club is committed to everyone having the right to enjoy their sport in an environment free from threat of intimidation, victimisation, harassment and abuse.
- ✓ All Club members have a responsibility to oppose discriminatory behaviour and promote equality of opportunity and the club's management committee is responsible for implementing, maintaining and dealing with any breaches of this policy.
- ✓ The Club regards any incidence of discriminatory behaviour as serious misconduct and will deal with this according to club disciplinary procedures.

#### Legal Responsibilities

The Club is required by law not to unlawfully discriminate against its Stakeholders and recognises its legal obligations under, and will abide by the requirements of, the Equality Act 2010, and any equivalent legislation (as amended) in any UK jurisdiction, Jersey, Guernsey or the Isle of Man and any later amendments to such legislation or subsequent equality related legislation that may be relevant to the Club. The Club will seek advice each time this Policy is reviewed to ensure it continues to reflect the current legal framework and good practice.

The Club considers that canoeing is a gender affected sport under the Equality Act 2010 and will adhere to the BC/Canoe England guidance and policy in relation to participation by transgender athletes. The BC/Canoe England do not currently have a policy for transgender in place however any queries should be directed to the Lead Officer for Equality in the first instance.

#### Implementation

A copy of the policy will be available to all members and employees of The Club. All persons shall respect, act in accordance with, and thereby support and promote the spirit and intentions of this policy.

#### Reasonable Adjustments

The Club recognises that it has a duty to make reasonable adjustments for people with disabilities. The Club will consider all requests for adjustments and where possible will accommodate reasonable requests and will

work with disabled Stakeholders to implement any adjustments that will enable them to participate more fully in all Club activities.

### Types of Unlawful Discrimination

The Club regards any form of unlawful discrimination as serious misconduct and any employee, volunteer or member who unlawfully discriminates against, harasses or victimises any other person will be liable to appropriate disciplinary action. Unlawful discrimination can take the following forms:

**Direct Discrimination** - treating a person less favourably than others would be treated in the same circumstances on the grounds of age; disability; gender reassignment; marriage and civil partnership; pregnancy and maternity; race; religion or belief; sex and sexual orientation.

**Indirect Discrimination** - occurs when a job requirement or condition is applied equally to all, which has a disproportionate and detrimental effect on one sector of society, because fewer from that sector can comply with it and the requirement cannot be justified in relation to the job.

**Harassment** - described as inappropriate actions, behaviour, comments or physical contact that are objectionable or cause offence to the recipient or any other individual affected by such conduct.

**Bullying** - described as the misuse of power, the act of criticising persistently or to humiliate and undermine an individual's confidence.

**Victimisation** - described as when one person is treated less favourably than others because he or she has taken action under one of the relevant Acts / Regulations or provided information about discrimination, harassment or inappropriate behaviour.

### ***Helpful hints for the Equipment Officer:***

- Make sure the times that you intend to be available to issue or receive returned equipment are published clearly in the newsletter, via *Notes from Canalside* and on the Club website.
- Having set your opening times stick to them or you won't get the chance to paddle for yourself.
- You will need to be consistent. Take time to agree a common approach for advanced booking, dealing with members who persistently return equipment late or wet etc.
- Make arrangements with the Treasurer to hand over hire fee money on a regular basis.
- Plan your equipment audits and repair sessions so that you involve other club members and don't end up doing it all yourself.
- You will never please everyone so don't bother trying; just be consistent in your approach and make sure that you don't show any favouritism.

## **1. BC affiliation**

**What it covers:** Third Party Insurance (Public Liability Insurance) for the Club and all registered Club members.

**What it does not cover:** personal accident or boat insurance.

**Payment details:** The annual charge is calculated on a set affiliation fee plus a fee per Club member who is **not** an individual BC member.

**Affiliation and payment is due in August of each year. Failure to return the affiliation form and fee before the expiry date negates the third party insurance policy.**

**Other benefits:** The club is registered in the BC Handbook and on Regional information lists. The Club can enter BC run events, such as tours and competitions.

## **2. Insurance information**

**2.1. Club boats:** The club has insurance with Towergate Mardon to cover the loss or damage of club boats.

**2.2. Club equipment:** The club has insurance with Towergate Mardon to cover the loss or damage of club equipment.

**2.3. Premises:** The rental agreement with IBC covers building insurance for the site.

**2.4. Third party liability:** The policy is involved when negligence has occurred causing the injury or death or damage to the property of a third party. It includes worldwide cover for any BC activity or canoeing or social activity of a BC affiliated club. The cover includes all legal costs and damages awarded if negligence is proven or accepted by the insurance company. Member to member liability is included, which means that the third party can be another BC member. The Third Party Liability policy also covers the Club for leased, hired, rented or borrowed premises - such as swimming pools.

**The Club must maintain accurate and up-to-date membership records so that a claimant's membership on the date of an incident can be verified and cover confirmed. The insurers reserve the right to scrutinise the Club records at any time.**

**The Club must register the correct number of members, as detailed in the accounts for the financial year most recent to the BC affiliation renewal date, in order to maintain insurance cover. New members joining the Club during the year are covered providing they are entered correctly on the Club membership records and have paid their subscription in full before the incident.**

**2.5. "Volenti non fit injuria":** Where an adult participates voluntarily in an activity which involves known and obvious hazards, then he or she is unlikely to succeed in a claim for compensation against those leading the activity, if the injury sustained is the result of falling victim to a known and obvious danger e.g. Canoeist pinned against a rock in white water.

This principle may have some bearing for Regents members who take part in activities which are not defined as Club trips or courses; for example a group of friends from the Club paddling together. While it is not known how the court might view a given set of circumstances, it would seem unlikely that an adult with personal experience compatible with the type of trip being undertaken would succeed in a claim either against the individual presumed to be the leader, or the Club's Management Committee, where injury or death results from a "canoeing" accident.

Obviously there would be a case to answer if the accident arose from some other circumstances, but the Third Party Liability policy would still protect the Club's Management Committee and/or a Club member as long as the member's details are entered correctly on the membership records. (See 2.4 above)

**2.6. Further information** about the Third Party Liability policy can be obtained from the BC or their brokers.
